1. Executive Summary & Constituency Dynamics

In the 2024 Parliamentary elections, the 12-Raja Sansi Assembly segment (Amritsar PC) displayed intense political churn and significant structural shifts compared to the 2022 Vidhan Sabha election. Total voter turnout contracted by 19,426 votes (-14.58%), dropping from 133,259 votes in 2022 to 113,833 votes in 2024. The Indian National Congress (INC) retained the constituency lead in both elections with Gurjeet Singh Aujla securing 36,285 votes (31.88%) in 2024, winning by a margin of +4,543 votes over AAP's Kuldeep Singh Dhaliwal (31,742 votes, 27.88%). A total of 119 booths (53.6%) flipped political allegiance between 2022 and 2024, reflecting substantial volatility across both border-rural villages and semi-urban clusters.

Key party trajectories in 12-Raja Sansi include:
• Aam Aadmi Party (AAP): Gained +11 booths net, expanding from 58 booth victories in 2022 to 69 booth victories in 2024. AAP gained 46 new booths while conceding 35 booths previously won in 2022.
• Indian National Congress (INC): Expanded booth wins from 98 in 2022 to 112 in 2024 (+14 booths), consolidating a 4,543 vote cushion.
• Shiromani Akali Dal (SAD): Suffered a catastrophic collapse, plummeting from 65 booths won in 2022 (Vir Singh Lopoke) to just 29 booths in 2024 (Anil Joshi), shedding 20,890 votes (-10.86% vote share swing).
• Bharatiya Janata Party (BJP): Reached an all-time high in Raja Sansi, surging from 1 booth (2,373 votes, 1.78%) in 2022 to 11 booth wins (11,680 votes, 10.26%), gaining +8.48% vote share and establishing dedicated pockets of urban and peri-urban influence.

6. Field Operations & Strategic Action Directives

1. Immediate Cadre Audit in 35 Lost Booths: Convene booth committee meetings in the 35 booths conceded to INC and BJP. Audit localized governance dissatisfaction, beneficiary delivery bottlenecks, and intra-party factionalism.

2. Consolidate the 46 Flipped Expansion Booths: The 46 newly conquered booths represent Akali voters shifting toward AAP. Deepen ties with village elders (panchayats), youth sports clubs, and cooperative society leaders to institutionalize this shift.

3. Counter Urban BJP Inroads: BJP secured 11 booths and reached 10.26% share. Establish dedicated town and semi-urban merchant outreach cells in commercial clusters around Raja Sansi town and airport periphery.

4. Targeted Turnout Revival Program: Because 19,426 voters stayed home in 2024, identify voter registries with low turnout (<50%) and organize registration and voter-turnout mobilization drives ahead of 2027.
